

Work Package:

Event: Meditec Student training in Malta (September 2nd to 13th).

Date: 14/10/2019

Your name (not compulsory): Omar Altahat

Your company/organisation (not compulsory): Yarmouk University

Answer each question with an evaluation from 1-5, where 1 is Poor and 5 is Very Good.

	1	2	3	4	5
What is your opinion of the general organization and facilities of the training session?			X		
To which extent did the training/info session live up to your expectations?				X	
What is your opinion of the Trainers?					X
How do you evaluate the relevance and clarity of the topics of the training session?				X	
How do you evaluate the technical resources used?				X	
How effective do you think was the methodology used?				X	
How useful was the training material used?					X
How valuable was the training for your professional growth?				X	
Would you recommend this session to somebody else?					X

Which topics were not covered? All the planned topics were covered
Which items were not relevant? All the items seemed relevant
Are you interested in other themes or topics, other events or seminars? Which ones? I find the theme of medical technology to be very interesting and relevant to the field of medicine, so I would be very interested in attending any event revolving around this theme.

Work Package:

How useful was the training material used?				x	
How valuable was the training for your professional growth?				x	
Would you recommend this session to somebody else?				x	

<p>Which topics were not covered?</p> <p>I think it would be better to give more focus on technical equipments and have some practical sessions to develop the electronic learning methods which Meditec involves</p>
<p>Which items were not relevant?</p> <p>The Anatomical cases in theoretical lectures maybe not so much related to the e-technology learning goals</p>
<p>Are you interested in other themes or topics, other events or seminars? Which ones?</p> <p>Actually I'm very interested in biomedical events and each technology-related medical topic</p>

Work Package:

How valuable was the training for your professional growth?					*
Would you recommend this session to somebody else?					*

Which topics were not covered?

None, everything was covered by the trainers.

Which items were not relevant?

Are you interested in other themes or topics, other events or seminars? Which ones?
I am interested in events and seminars that develop, and share knowledge and experience,
at institutions and organisations in different countries about medicine and new medical
technologies.
