Introduction:

Under Erasmus plus project titled with MediTec project, The University of Jordan in cooperation with the local coordinator the Jordan University of Science and Technology (JUST) and Leipzig university (HTWK) conducted a training workshop for medical staff and students from partner universities (The University of Jordan, Hashemite University, Princess Sumaya University for Technology, Yarmouk University and University of Duhok and Tehran University for Medical Sciences TUMS)

The training workshop was conducted at the University of Jordan during the period from 8th - 10th August 2021 for staff and students. Participants were from different public, private, academic and non-academic sectors.

First Day

The first day started by a Welcome Speech given by Prof. Ahmed Al- Salaymeh, Project Coordinator at The University of Jordan. Also, a welcome speech was given by Prof. Yasser Rayyan, Dean of the School of Medicine at The University of Jordan.

After that, Prof. Ahmed Al- Salaymeh delivered a presentation about European Projects Experience at The University of Jordan.

Dr. Fadi Shahroury from Princess Sumaya University for Technology (PUST) proceeded by presenting about Remote lab. In addition, a presentation on How to deal with emergencies cases was delivered by Dr. Murad Jallad from Princess Sumaya University for Technology (PSUT). Mr. Laith Qutaishat from Al-Motahida Group presented about Virtual Reality in Medical Education.

At the end of the first day, Dr. Lalit Garg from University of Malta presented on Innovative eLearning tools in medicine. Proceeded by a presentation about Mobile Nutrition: automating nutrition tracking and selection by Dr. Ramandeep Garg from University of Malta.

Second Day

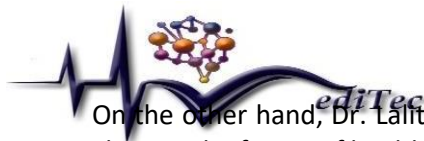

At the beginning of the second day, Dr. Mazhar Al-Zoubi from Yarmouk University (YU) started by presenting about Virtual scientific laboratories: labster module.

Furthermore, Dr. Aiman Al-Sharei from The Hashemite University delivered a presentation on Clinical Skills in Patients History. In addition, Dr. Ramandeep Garg from university of Malta delivered a presentation on Metabolomics in health and nutrition research.

ERASMUS+ Programme – MediTec Project Number: 585980-EPP-1-2017-1-DE-CBHE-JP

DISCLAIMER: This project has been funded with support from the European Commission. This publication [communication] reflects the views only of the author, and the Commission cannot be held responsible for any use which may be made of the information contained therein.

On the other hand, Dr. Lalit Garg from University of Malta presented on Digital Twin and Smart Health: Shaping the future of healthcare.

Co-funded by the Erasmus+ Programme of the European Union

At the end of the second day, Prof. Sandra Buttigieg from University of Malta delivered an online presentation about the Introduction to systems thinking, systems analysis and quality improvement scientific techniques.

Third Day

The third day of the training workshop started by a field visit to the Jordan University Hospital moderated by Dr. Mazhar Al-Zoubi, Dr. Aiman Al-Sharei and Eng. Rasha Al-Baik in order to introduce the students and the faculty members from various partner universities to the modern technologies used in the hospital.

The participated students and faculty members from the University of Jordan, Yarmouk University, the University of Science and Technology, the Hashemite University, Princess Sumaya University for Technology, and universities from Iraq and Iran visited different departments at the hospital such as ; Department of Accident and Emergency , Department of Obstetrics & Gynaecology, Department of Radiology, Sterilization rooms and Isolation Rooms, Physical Medicine and Rehabilitation Department, and Gamma Knife Unit.

During the visit, Dr. Abdularman Shdaifat gave a detailed explanation about the targeted rays, the mechanism of operation of the device, and the services provided by the Gamma Knife unit. On the other hand, an explanation provided by Dr. Fedaa Thekrallah about the Obstetrics and Gynecology building.

At the end of the visit, Prof. Al-Salaymeh thanked the hospital administration for facilitating the delegation's mission, expressing his pride in this great medical organization.

The third day continued by an online presentation delivered by Dr. Kiran Varanasi from Leipzig University of Applied Sciences (HTWK) about Real world 3D capture, registration and tracking. Also, an online presentation was delivered by Prof. Mario Hlawitschka from Leipzig University of Applied Sciences (HTWK) about Distant learning.
